

T-Dot Smack 2006

Be A Part Of The Excitement

Dear Sir or Madam:

Team Bob00 and the Toronto RC Heli Club are pleased to announce **"T-Dot Smack 2006"**. This is our 5th annual fun fly which will be held from the 14th to the 16th of July.

This 3 day event promises to be one of the largest events in Canada and we anticipate over 100 registered pilots topping the 80 that we had last year.

There will be featured demo flights from many top 3D pilots including Alan Szabo Jr., Danny Szabo, Pete Niotis, Steve Mcfall, Scott Gray, Alex Rodriguez, Bobby Watts, Beresford "Beast" Davis and many more.

The event will be separated into 2 venues. The first will be an indoor electric helicopter only event on Friday July 14th Sponsored by Align, AON, V-Blades and the local hobby stores. The second event will be at our field located in Markham, ON. There are numerous hotels in the vicinity. We are also located about 30 minutes from Downtown Toronto and about 45 minutes from Pearson International Airport.

Events will be planned for novice, intermediate and advanced pilots including an auto contest. There will be an instructor onsite to provide lessons for first time pilots. Initial planning has also begun to potentially have a full scale helicopter available which would provide rides for anyone who wants the real experience. There will be designated flight stations assigned for beginner pilots as well as a planned clinic for new pilots so that they can ask questions and get assistance in setting up machines the way the professionals do.

Local hobby stores will be setting up booths and will have the latest RC heli gear available for sale to event participants and spectators. There will also be on site concessions and restrooms.

The event will be promoted using the following methods:

Information on our website (www.rcheli.ca)
Posting the event on the popular heli forums
Distributing flyers at major RC events prior to ours
Distributing flyers at local hobby stores
We are also seeking coverage in a popular heli magazine

In our efforts to promote your products, give back to the participants and to thank them for attending, we are requesting product donations to be given away during the 3 days.

As we receive donations the sponsors will be added to the event flyer. The sponsors will also be listed on the event website and everyone who attends will receive an event itinerary listing all our sponsors. Sponsors are also encouraged to provide us with a banner if possible so that we can proudly display our sponsors and also announce them each day over our P.A. system.

Enclosed you will find some detailed information pertaining to the event. Shipping labels have also been included to facilitate your donations.

If you have any questions, we can be contacted via email at info@rcheli.ca or you can reach me directly at:

Mike Wilson
